Pursuant to article 36 of the Higher Education Autonomy Act of the Free State of Saxony (Sächsisches Hochschulfreiheitsgesetz – SächsHSFG) in the version dated May 31, 2023 (Saxon Law Gazette – SächsGVBl. p. 329), the Senate of HHL Leipzig Graduate School of Management (HHL) issues the following study regulations:

Article 1 Scope

Based on the examination regulations, these study regulations regulate the admission, objectives, content and structure of the part-time Master Program in General Management (MBA) at HHL Leipzig Graduate School of Management (HHL).

Article 2 Program admission

(1) Only individuals with the following qualifications are eligible to be admitted to the post-experienced part-time Master Program in General Management (MBA) at HHL:

- a) First professional qualification in the form of a bachelor's degree from a university or equivalent institution of higher education in the Federal Republic of Germany with an above-average result (and a minimum of 210 ECTS credits). Alternatively, an equivalent degree from a university or college abroad or another equivalent degree (in accordance with the Central Office for Foreign Education) may be recognized.
- b) Proof of qualified professional experience after completing a first academic degree, generally a minimum three years.
- c) Proof of the successful completion of the "Graduate Management Admission Test" (GMAT) or the HHL Entry Test.

(2) If the conditions of paragraph (1) have not been fulfilled, candidates may nonetheless apply to HHL if they can prove above-average achievements in the course of their current studies and if the conditions in question will be fulfilled by the time the applicant enters his or her course of studies at HHL. Applicants who achieved less than 210, but a minimum of 180 ECTS credits, may be admitted to the program under the following conditions: If the candidate demonstrates professional competence (knowledge and skills) as well as personal competence (social competence and independence) at level 6 or 7 of the German Qualification Framework, up to 30 ECTS credits may be recognized for competencies acquired in extra-university activities upon application and following a review by the chair of the examination committee.

(3) Admission will be granted by the admission committee. An interview with an HHL professor is a part of the admissions procedure. The committee reserves the right to conduct a second interview.

(4) HHL may admit guest students to the program.

Article 3 Program objectives

(1) Upon successful completion of the program, the graduates will be awarded the academic degree of "Master of Business Administration (MBA)". After completing the program, graduates generally accept positions as an executive or junior executive or assume posts with project responsibility in a range of sectors of internationally-active companies where they prepare, make and implement decisions, but also assume responsibility for a particular field of activity.

(2) It is therefore the objective of the post-experienced part-time Master Program in General Management (MBA) to provide students with excellent management skills and

abilities in combination with a distinctive practical relation which will prepare students for the requirements of the tasks described under paragraph (1). The international orientation of the program is aimed at illustrating to students the particularities of international companies and intercultural cooperation, whilst the focus on leadership is intended to further develop their managerial skills and social competence.

Article 4 Program start

The part-time Master Program in General Management (MBA), which is taught in English, starts each year in September.

Article 5 Course structure and schedule

(1) The part-time Master Program in General Management (MBA) is taught in English and consists of two parts — the modularized compulsory and elective courses and the preparation of a master's thesis. A total of 90 ECTS credits is allocated for both parts.

(2) For students who are supported by their employer and/or complete the program in combination with part-time employment, the regular period of study is eight terms (24 months). For students working full time, the regular study period will be extended to a program duration of nine terms (27 months) without additional tuition fees being incurred. If a student selects the Study Abroad elective, the regular study period may be extended by one term without additional tuition fees being incurred.

(3) The program is structured as follows:

		Term 1 & 2	Term 3 & 4	Term 5 & 6	Term 7 & 8	Term 9 &10 &11	Total Kredit- punkte

2.5.4	Extra course(s) from Study Abroad				Max. 6	Max. 6
3.	Master's thesis				18	18

Students working full-time may shift selected modules/courses from the compulsory section into the third year of study, thereby extending the regular study period to 30 months.

The compulsory modules must be fully completed (term 1 to 4).

Within the framework of the Electives (Deep-Dives), three areas (each with 12 ECTS credits) with a total of 36 ECTS credits must be completed.

Within the Innovation & Transformation area at least two of three modules must be taken.

Crediting both the Study Abroad and the Global Immersion Seminar modules is not permissible.

If a student chooses the "Customize" area, 12 ECTS credits must be earned. There is a free choice from the listed offers. However, it should be noted that additional courses from a term abroad cannot be credited at the same time as the "Global Immersion Seminar".

Students may start work on their master's thesis flexibly beginning in term 7. The completion period is six months.

The Study Abroad elective may be completed flexibly starting from term 7.

Details about individual modules, including the courses within the modules, as well as the detailed program schedule is specified and published in the HHL's module catalogue.

(4) Individual study plans may be arranged for students with disabilities and chronic illness as well as those on maternal or parental leave. The right to maternal and parental leave is guaranteed.

Article 6 Term abroad

(1) Students have the option of completing a term at a partner university abroad within the framework of the elective modules. It is the objective of a term abroad to introduce students to general and subject-specific experiences relating to living and working in other countries. Thereby, the program addresses the continuous internationalization of business and society.

The places at the partner universities are allocated during the course of the second term following an assignment procedure established by the HHL Senate. Students are not permitted to apply directly to an HHL partner university. After the application documents have been submitted to the partner university, students cannot change to another university for their term abroad.

(2) Students generally complete the term abroad between their seventh and tenth term at one of HHL's partner universities. The possible content of the term abroad is determined separately for each partner university in line with its curriculum. Coursework completed

abroad will be given the same weight as coursework completed at a German university. The coursework to be completed abroad will be determined and recognized in coordination with HHL. By completing a term abroad at one of HHL's partner universities, the 12 compulsory ECTS credits will be credited as well as a maximum of six additional ECTS credits for the "Customize" area.

(3) In order to enroll at one of HHL's partner universities abroad, the student generally has to provide proof of the following qualifications:

- a) Completion of the "Test of English as a Foreign Language" (TOEFL) or another foreign language test required by the partner university as an access requirement to the study abroad program.
- b) Completion of the "Graduate Management Admission Test (GMAT), achieving at least the average value required by the partner program.

(4) The courses completed abroad are academically recognized in consideration of the requirements below:

- a) Submission of the original transcript from the university abroad by the student which corresponds with the learning agreement concluded prior to the compulsory term abroad.
- b) A student report in accordance with the criteria stipulated by HHL. The students declare their consent to the publication of the report within HHL.

(5) Students are not permitted to complete a term abroad in their respective home country.

Article 7 Leave of absence

Upon application, students may take a leave of absence of a maximum of four terms (two semesters) for cause. Cause may include:

- Terms abroad (outside the opportunities stipulated in these study regulations)
- Personal illnesses or caring for a spouse or a person related to the student in a direct line (upon submission of a medical certificate)
- Economic difficulties

The legal stipulations from the Maternity Protection Act as well as the Parental Benefit and Parental Leave Act apply for maternal or parental leave.

Students may take a leave of absence of up to four semesters to care for their own children unless they have already been granted leave under sentence 1.

Students on leave may complete course assignments and examinations.

A leave of absence will not be counted towards the regular study period.

Article 8 Student advisement

(1) The specific and study-related advisory service will be conducted by the appropriate chairs; they shall support students particularly regarding course selection and study techniques. Additionally, an extensive counseling event will be held at the beginning of each fall term for those students who start their program at HHL that term.

(2) If students have any questions regarding the course of their studies and examinations, they may consult with the staff of the Student Affairs Office and/or the Examination Office. The staff from the International Office is available especially for study abroad consultation. The members of staff from the Student Affairs Office and the Examination Office can, in general, also assist the students and potential students with any questions they might have.

Article 9 Entry into force

These study regulations come into effect on the date of their publication. They apply to all students who enroll in September 2025 and onwards.
